I am satisfied with my teachers and their teaching skills

Thank you to all the teachers who teach us so well, I think our college is one of the best colleges in the West.

Smart classes

for college related work no one help us they are just move us one place to another sorry but it's true

I think, if smart classes will be use it will give a better learning experience to a student and my overall learning experience is excellent because I have learned many things from our teacher either it is of syllabus or of non-syllabus.....And I think they Will make this teaching more better and thankyou..
