REPORT ON NATIONAL SEMINAR, “NANOSCALE MAGIC: UNVEILING CHEMISTRY'S WONDERS AND INNOVATIONS”

A National Seminar (Hybrid Mode) themed “**NANOSCALE MAGIC: UNVEILING CHEMISTRY'S WONDERS AND INNOVATIONS**” was conducted by the Department of Chemistry, Lal Bahadur Shastri Government Degree College, Saraswati Nagar, Shimla-171206 on **22nd Nov'23 (Wednesday) 11:00 am** onwards. **Dr. Shallu**, Assistant Professor, Chemistry was the **Coordinator** as well as one of the **Resource Persons** of the event. **Dr. Moitree Laskar**, Lecturer, **Indian Institute of Science Education & Research (IISER)**, Mohali, was invited as a Resource Person via Online Medium. Her topic of presentation was ‘**The History & Future of Nanotechnology**’. She is a person of excellence with a research experience of more than 14 years & over 11 research publications of international repute. She has obtained her M.Sc. degree from IIT Guwahati and Ph.D. Degree from Indiana University, USA. Currently she is serving and actively engaged in research at IISER, Mohali. So, her talk on this ‘Current Topic’ was definitely a brilliant way for sensitizing our budding scientists towards ongoing research innovations. Thereafter, the seminar was conducted in a Physical Mode where **a paper was presented by Dr. Shallu** on the topic “**NANOTECH MARVELS: FROM LAB TO LIFE CHANGING APPLICATIONS**”. In this lecture Dr. Shallu talked about the most fascinating innovations of nano science which have already been commercialised and have taken an inseparable place in our lives such as Nano-silver based antimicrobial refrigerators, washing machines, air-conditioners, vacuum cleaners, water and air purifiers, super-light & huge memory space smart phones, computers etc. She also enlightened the students about the ventures of nanotechnology into the textile industry, the self-cleaning fabrics with anti-microbial and antibacterial activities, the invention of the Intelligent Apparels and the incorporation of flexible nano-circuits into the Smart Clothing. She also gave a peep into the amazing sci-fi inventions such as Invisibility Cloaks, Power Combat Suits, Robust Sports Gear etc. She also poured light on the applications of Nanotechnology in Medicinal, Agricultural and Food industries, Genetic Engineering, Targeted Drug Delivery for the treatment of cancer and other fatal ailments, etc. The students were amazed and surprised at the same time as they were really unaware that they are almost every day using the innovations which are the result of tedious day & night research efforts of the scientists working on nanotechnology. Dr. Shallu also made the students familiar with the recent claim of some

genetic engineers about the deathless life by 2045, where death would become an optional and a rare phenomenon occurring either due to accidents or some natural disasters. Thereafter, the stage was taken over by Dr Lok Raj Sharma who gave an enlightening talk about the research methodology & techniques for the preparation and end-use of nano materials. He also shared his personal research experience with the students. The seminar was concluded by Dr. Shallu with a message that 'Science and Knowledge' come along with bigger 'Social as well as Environmental Responsibilities' where we as the science community must be aware of the benefits and limitations associated with any technology in use.

PARTICIPATION CERTIFICATE

It is hereby certified that the following science students of B.Sc. I, B.Sc. II and B.Sc. III of LBS Govt. Degree College have actively participated in a **National Seminar (Hybrid Mode)** themed, "**NANOSCALE MAGIC: UNVEILING CHEMISTRY'S WONDERS & INNOVATIONS**" organized by the Department of Chemistry, LBS Govt. College, Saraswati Nagar, Shimla, on 22nd November 2023 (Wednesday), 11:00 A.M. onwards. The Keynote Speaker for this seminar, **Dr. MOITREE LASKAR**, Lecturer, IISER, Mohali, Punjab (India) shared her valuable knowledge on the topic, 'History and Future of Nanotechnology'.

Dr. SHALLU, Assistant Professor, Department of Chemistry, LBS Govt. College, Saraswati Nagar, was the organizer as well as one of the Resource Persons for this National Seminar and also presented a paper on the topic "Nanotech Marvels: From Lab to Life Changing Applications". **Dr. LOK RAJ SHARMA**, Assist. Prof. Chemistry, also gave an enlightening talk on the research methodology & techniques applied for the preparation and end-use of nano materials.

BIODIVERSITY EXPLORATION TOUR (16.09.2023)

A Biodiversity Exploration Tour was organized by Science Dept./Eco Club of the college on 16th September 2023. The site for this was chosen Giri Ganga. Giri Ganga is a very beautiful and mesmerizing place hidden near Kharapathar in Tehsil Jubbal. It is 30 Km away from Sawra and it is very less crowded and full of nature. There is an ancient temple, a holy lake around the temple and there are no concrete buildings nearby. The temple is situated in the middle of a dense but beautiful jungle. From the Giriganga temple, there is a trekking trail that goes all the way to the Kuppar peak. So it is the best place for biodiversity exploration.

All the teaching faculty of Science Department i.e. Dr Lokraj Sharma from Chemistry Dept. , Prof Goverdhan Chauhan from Maths Dept., Dr Punam Chauhan from Zoology Dept. and Dr Radha Raman Gautam from Physics Dept. with 28 Science Students started their journey from the college at 10:00 am and reached to the site around 12:00 o'clock. First of all, we visited to the temple and some students took holy bath in the lake. Afterwards we headed to the forest. While trekking in the forest lane, students kept watching the vegetation and the landscape. This is a small alpine valley with pine and deodar forests. After trekking for about two hours we came back to parking area and then move to Khada Pathar for the lunch. Then we came back to college around 3:30 pm. Students were very excited and happy during the trip.

सोहलू : गिरिगंगा में जैव विविधता अन्वेषण यात्रा के दौरान कालेज के छात्र एवं छात्राएं व संघर्षित विद्यार्थी मिलकर संतुलन बिजय में।

गिरिगंगा वन क्षेत्र में विद्यार्थियों को दी जैविक घटकों की जानकारी

सोहलू, 17 सितम्बर (प्रसारक): जलवायु परिवर्तन के कारण जैविक घटकों की जानकारी देना एक अत्यंत महत्वपूर्ण कार्य है। गिरिगंगा वन क्षेत्र में सोहलू कालेज के छात्रों को जैविक घटकों की जानकारी दी गई।

विद्यार्थी डॉ. सोहन सिंह, डॉ. राजेश कुमार, डॉ. सुभाष कुमार और डॉ. अशोक कुमार ने छात्रों को जैविक घटकों की जानकारी दी।

विद्यार्थी डॉ. सुभाष कुमार ने कहा कि जैविक घटकों की जानकारी देना एक अत्यंत महत्वपूर्ण कार्य है।

Educational Tour

30-09-2024

The department of History has organised one day educational tour to a nearby historical place named Hanol on 30th September 2023. Asst.Prof Pawan Kumar and Mr Ankit Sharta accompanied the students in this field trip. The total number of students participated in this trip was fifty. They visited Mahasu Devta Temple, a 9th century stone temple dedicated to Lord Shiva. According to legend, the temple was built by the Pandavas during their exile period. The temple is believed to have been constructed on the spot where Lord Mahasu appeared to pandavas during their exile. During this educational tour the students of the department learnt about the architect, painting and sculptures of the temple. After visiting Hanol temple the students moved towards Khunigarh where they saw Asia's highest tree fossil.

Sub: Permission to visit fruit Mandi Rohru and Vishal Megamart Rohru

Respected Sir,

With humble submission it is stated that Commerce Department is going to visit Fruit Mandi Rohru and Vishal Megamart Rohru on 16th September 2023. I am writing to request permission for the Visit.

Kindly grant us permission for the visit.

Thanking You

Yours Sincerely

Report**Industrial Visit Saraswati Nagar to Vishal Mega Mart
Rohru and Fruit Mandi Mehndli**

An industrial visit was organized by the Commerce Department of LBS Govt. Degree College Saraswati Nagar on 16 September 2023. This visit was to Mega Mart Rohru and Fruit Mandi Mehndli in which Professor Sandeep Kumar, Professor Man Mohan and Miss Shikha Chauhan along with 47 students participated. Around 10:30 am, everyone left the college campus towards Mega Mart and reached there at 11:00 am. After reaching there, the students visited all the sections like Kids section, Men section, Women section, Crockery section and Groceries section. Students learned about marketing techniques, their methods of buying and selling and talked to the employees and Manager of the store. After that, around 1:00 pm, everyone left for the Fruit Mandi Mehndli and after reaching there at 1:30 pm, saw Apple selling method. Apples were being sold and bought by the KG in the Fruit Mandi. The students talked to the middleman about Apple's method of buying and selling and learned about the current price. After this, everyone left the place at 2.30 pm, took refreshment and returned back. This ended our industrial visit which enriched our students with an exposure to functioning of industrial units.

Geographical Field Survey Report: Bharot Village

A geographical field survey was conducted in Bharot village, located Jubbal tehsil in the Himachal Pradesh, on February 19, 2024. The latitudinal and longitudinal extension of village is $31^{\circ} 7.3239' N$ $77^{\circ}.45.5667' E$ and it is 1520 m above the sea level. The total population that was enumerated according to sample was 193, 102(Male) and 91 (Female). The survey aimed to assess the physio-socio-economic conditions, infrastructure, health and education status, agricultural practices, and environmental concerns of the villagers. The survey team consist the students from the department of geography LBS Govt. College Saraswati Nagar the Himachal Pradesh University.

Locational Map of village prepared in QGIS tool

*Department of Geography
LBS Govt. College Saraswati Nagar
Distt. Shimla HP*

Objective

Socio-Economic Status: To evaluate the economic activities, levels and living standards.

Infrastructures: To assess the availability and condition of basic infrastructure like road connectivity. Water supply etc.

Health and Education: To examine the healthcare facilities and educational institutions.

Agricultural and Horticulture Practices: To understand the agriculture and Horticulture method, crop patterns, Apple variety and challenges faced by farmers.

Environmental concerns: To identify environmental issues and their impact on the village.

Methodology

The survey utilized a combination of qualitative and quantitative method:

Questionnaires: Distributed to 40 households to collect primary data on socio-economic conditions, household and education.

Observation: During Field visits to village.

Geospatial Technology: GIS tool was also used in making the maps of the study area. Field sketches were also drawn. Photographs were taken and interpreted.

Findings

Socio-Economic Status

The majority of the population is engaged in agriculture, with a significant.

Occupation and income: The majority of the people of village are engaged in primary activities such as agriculture, horticulture, with a significant number of peoples also involved in horticulture and govt. jobs. The average monthly income per household is approximately INR 12000.

*Department of Geography
LBS Govt. College Saraswati Nagar
Distt. Shimla HP*

Living Standards: While most houses are equipped with basic amenities, there is noticeable disparity between the more affluent and the less fortunate household.

Infrastructure

Houses: There are various varieties of houses and roof types in the village such as wooden old kath kuni structure, semi-pucca and concrete (pucca house)

Road: The village is connected by a single main road, which is in good (Pucca) road condition.

Water Supply: There is an adequate supply of water; in every house have their own water connection which is supplied through lifted from Pabbar River.

Electricity: The village has electricity. The electricity provided from Sawra-Kuddu hydel power project.

Distt. Shimla HP

Health and Education

Health facility: There is no health facility in the village. For health issues, villagers travel to the nearby Sawara, Rohru and Jubbal town.

Education: The village has one primary school. For higher studies, students move to nearby town such as Sawra, Jubbal, Rohru and Shimla etc.

Govt Primary School Barot block Jubbal

*Department of Geography
LBS Govt. College Saraswati Nagar
Distt. Shimla HP*

Agricultural Practices

Crops: The main crops include wheat, barley, peas, and potato. Farmers also practice horticulture, growing apples and stone fruits.

Animal Rearing- A number of villager has domestic cow, Sheep and goats.

Challenges: Farmers face several challenges, including unpredictable weather patterns, pests, and limited access to modern farming techniques and equipment.

*Department of Geography
LBS Govt. College Saraswati Nagar
Distt. Shimla HP*

Environmental Concerns

Garbage Problem: There is no real solution for the disposal of garbage in the village, due to which the villagers throw the garbage in the open near the village, due to which the environment of the village is being harmed a lot and the villagers are at risk of many types of diseases.

Deforestation: There is significant deforestation due to the regular forest fire in the surrounding forest area. It is contracted the forest of the village, contributing to soil erosion and reduced agricultural and horticultural productivity

In Bharot village, garbage is in the open environment. On the other hand, the govt. provides a dustbin to collect the garbage. People need to put the garbage in it.

*Department of Geography
LBS Govt. College Saraswati Nagar
Distt. Shimla HP*

Recommendations

Infrastructure Development: Repair and upgrade the village road and water supply systems to ensure reliability.

Healthcare improvement: Need to establish the primary health centre by providing necessary medical supplies.

Educational enhancement: Invest in new school building with sanitary facility and recruit new teacher in school.

Agricultural/Horticultural support: Introduce modern farming techniques, pest management strategies, and provide access to agriculture/horticulture extension services.

Environmental Protection: Implement afforestation programs, establish waste management systems and educate villager to cleanliness and sustainable practices.

Conclusion

The field survey in Bharot village highlighted several areas requiring attention, from infrastructure and healthcare to education and agriculture. Addressing these issues will require concerted efforts from local authorities, government agencies, and non-governmental organizations. By focusing on sustainable development and community involvement, Bharot village can achieve significant improvements in the quality of life for its residents.

Report

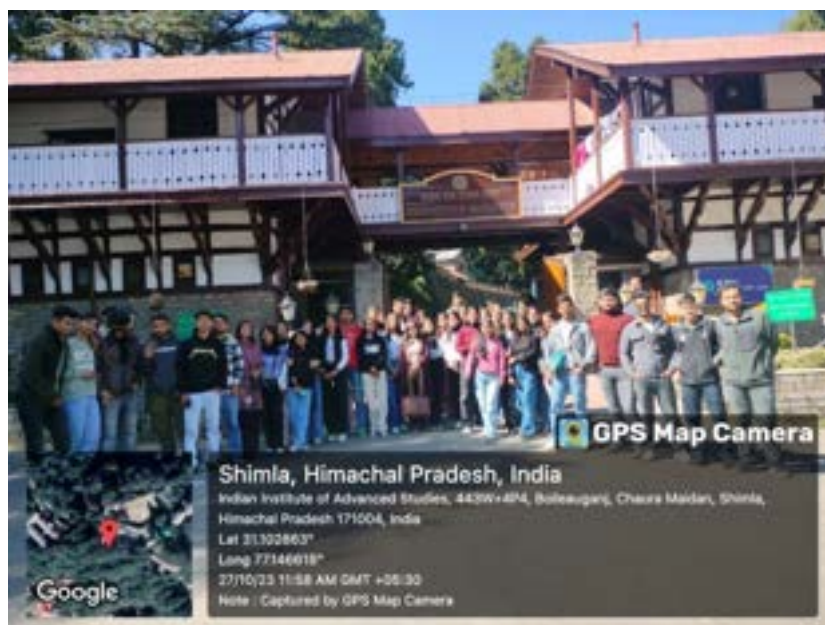

Educational Trip to the Indian Institute of Advanced Study, Shimla

One day educational trip was organized by the department of Public Administration, LBS Govt. Degree College Saraswatinagar to the Indian Institute of Advanced Study, Shimla on 27 October, 2023. The tour comprised the students of Public Administration from BA 1st, 2nd and 3rd year accompanied by the faculty member, Assistant Professor Diksha Kumari from the department of Public Administration. All the students were directed to gather at the college gate at 7:00am.

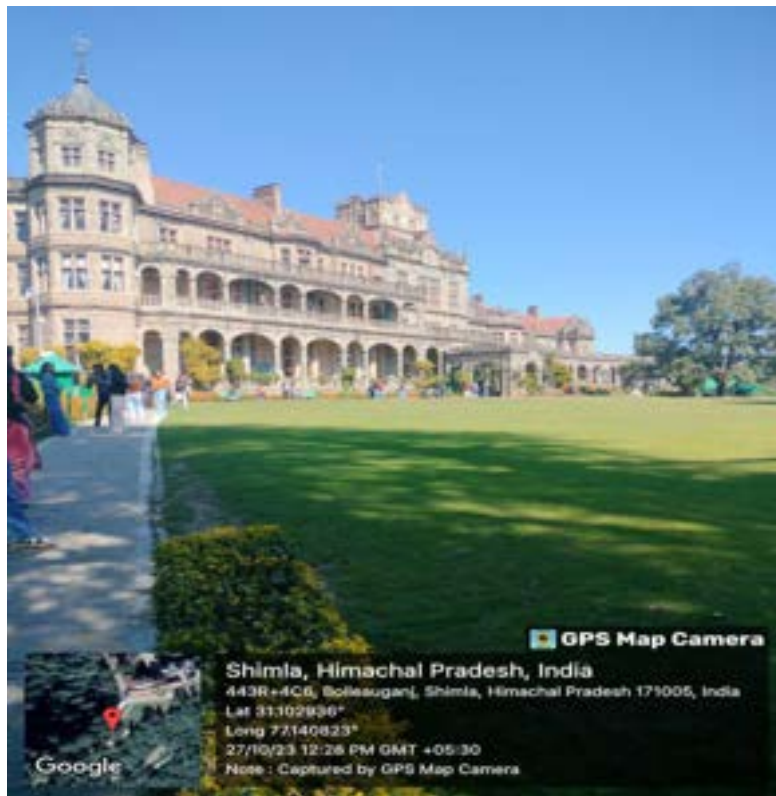

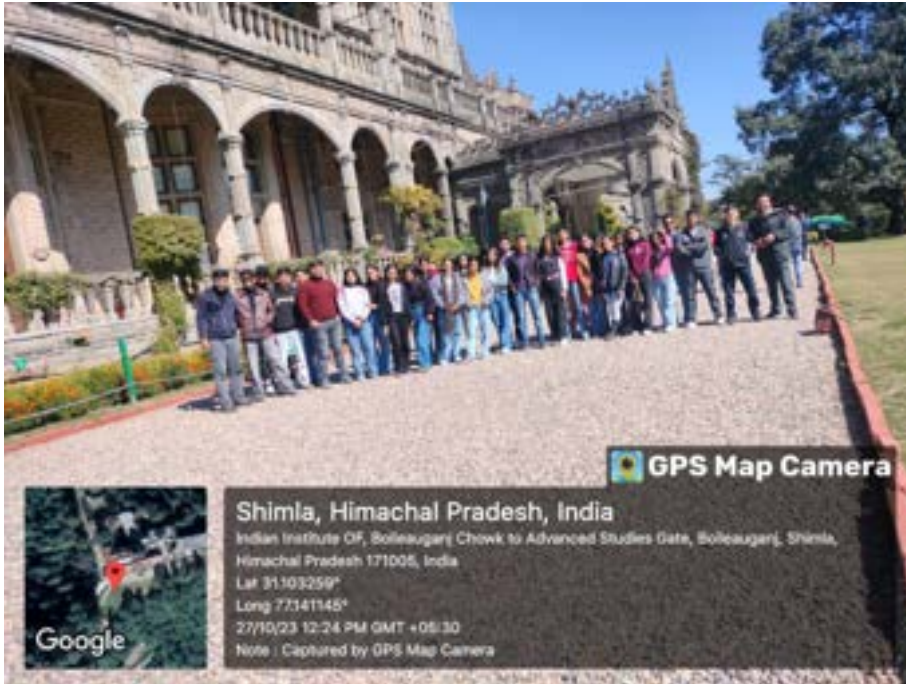

We started our journey at 7:30am with the bus and reached at 12:00pm at the location. We bought tickets to visit inside the advanced study. We wandered around outside until our turn came to visit inside. The guide took us inside the advanced study around 1 pm. The guide told us about the history of advanced study.

The building that houses the institute was originally built as home for viceroy of India and was called the Viceregal Lodge. After independence, the building was renamed as **Rashtrapati Niwas**. Presently, the Indian Institute of Advanced Study is a research institute. It was setup by the Ministry of education, Govt. of India in 1964.

It was a new, interesting and informative experience for all of us. We departed at 2:30pm from there to Saraswatinagar and reached at 7pm. It was a safe, enjoyable journey with lots of information.
