## Blood Donation Camp (24.09.2022)

Blood Donation Camp was organized by NSS in collaboration with Eco Club, NCC, Rovers & Rangers, Women Cell and Red Ribbon Club of the college on the occasion of NSS Day on 24<sup>th</sup> September, 2022 in the college premises. Three doctors along with their four medical workers from Civil Hospital Rohru conducted this camp successfully. Firstly, one of the doctors delivered a lecture on blood donation. He familiarized the students about its significance, and talked about this noble work and how every one of us can contribute and help the needy people whose life can be saved by our donated blood. He also told that blood is recovered within 24 hrs after donation so cleared the minds of every person from the myths about the blood donation. Around 27 students and 08 staff members took part in this blood donation camp. It ended up with a feeling of contentment of serving the society.

## **WEBINAR, WHO World Antimicrobial Awareness Week 18-24 Nov, 2022 (WAAW) (22.11.2022)**

Red Ribbon Club of our institution organized a WEBINAR on 22<sup>nd</sup> Nov. 2022 with Dept of Pharmacology PGIMER, Chandigarh on the occasion of 'WHO World Antimicrobial Awareness Week, WAAW' which celebrated from 18<sup>th</sup> to 24<sup>th</sup> November every year. World Antimicrobial Awareness Week (WAAW) is a global campaign that is celebrated annually to improve awareness and understanding of AMR and encourage best practices among the public, One Health stakeholders and policymakers, who all play a critical role in reducing the further emergence and spread of antimicrobial resistance (AMR). Antimicrobial resistance occurs when bacteria, viruses, fungi and parasites change over time and no longer respond to medicines, making infections harder to treat and increasing the risk of disease spread, severe illness and death. As a result of drug resistance, antibiotics and other antimicrobial medicines become ineffective and infections become increasingly difficult or impossible to treat. This year the theme of the WAAW is '**Preventing Antimicrobial Resistance Together**' which focuses on to spread awareness about the prudent use of antimicrobial medicines such a antibiotics. The slogan of World Antimicrobial Awareness Week remains '**Antimicrobials: Handle with Care**'. Prof Bikash Bedi, Professor Pharmacology PGIMER Chandigarh, who is founder of Experimental Pharmacology lab and Co-ordinator of Pharmacovigilance Center, North India and Regional Coordinator for NADA talked about antibiotic resistance and its usage and other biological impacts which a person can suffer due to their ignorance. Mr Rajan Rolta, member of the team presented his power point presentation on '**Preventing Antimicrobial Resistance Together**' in which he elaborated about the various types of microbial infections and the treatment for them and emphasized on how the ignorance and incomplete course of medicines can result into the antibiotic resistant microbes which later becomes havoc for the person as it cannot be cured by the antibiotics. So he also spread awareness regarding the steps which a person can take to prevent this resistance. Later Dr Ajay Prakash also put some light on the topic. Students were found very keen during the webinar and actively participated in the interaction session with their queries. The Webinar started at 11:30 am and 83 students from Science, Commerce and Humanities were present during the session. Dr Punam, Nodal Officer, Red Ribbon Club and Prof Pooja, Dept of Commerce were also present during the session. It ended at 12:20 pm with a very positive note.

## **World AIDS Day (01.12.2022)**

World AIDS Day is observed annually on December 1. This is a chance for people all over the world to come together in the battle against HIV, to support those who are living with HIV, and to remember those who have passed away from an AIDS-related illness. Even while HIV continues to be a serious public health concern that affects millions of individuals globally, the global HIV response is at risk. Numerous lives are at stake as a result of the recent stagnation in HIV objective progress and resource depletion. HIV became and continues to be a global health epidemic due to a number of shortcomings, including division, inequality, and contempt for human rights.

This year World AIDS Day is urging each of us to address the inequalities which are holding back progress in ending AIDS. World AIDS Day 2022 is being marked under the theme **'Equalize'** which emphasizes to ensure that everyone is well-served, increase the availability, quality, and acceptability of services for HIV treatment, testing, and prevention.

Red Ribbon Club organised an event on the occasion of World AIDS Day with NSS Unit on 1st Dec 2022 in the college. In which Dr Punam Chauhan, Nodal Officer RRC, Prof Preeti Panta, Program Officer NSS Unit 2 and Prof Rajesh Kumar, Dept of Political Science and 52 students from various streams (BSc, BCom, BA) were present. Ms Aastha, Ms Yogeshwari and Ms Tejasvini of BSc Final Year, presented Power Point Presentation on HIV/ AIDS. They talked about the cause, symptoms and prevention of HIV. Their PPT also included ART (Anti Retroviral Therapy) which is the only treatment of AIDS. The data on HIV/AIDS people on worldwide basis and in India and H.P. was also discussed among the students. Then a short movie shot by college students Mr Atul Jalta and Mr Aryan Chanjta on HIV/AIDS was shown to the students. Dr Punam Chauhan, Nodal Officer, Red Ribbon Club also briefed about HIV/AIDS. Then Dr Lalita Rawat, Principal of the college flagged off the rally of the students to the Sawra Market. Students went to the market under the supervision of teachers to spread awareness about HIV/AIDS among the common people. Students kept on chanting the slogans on HIV/AIDS throughout their rally. The program ended with a contentment of social service of spreading awareness among the youth and society.
